Introductions

For the year Jan. 1-Dec. 31, 2015, or other tax year beginning , 2015, ending , 20 See separate instructions.

Your first name and initial	Last name	Your social security number
-----------------------------	-----------	-----------------------------

If a joint return, spouse's first name and initial	Last name	Spouse's social security number
--	-----------	---------------------------------

Home address (number and street). If you have a P.O. box, see instructions.	Apt. no.	 Make sure the SSN(s) above and on line 6c are correct.
---	----------	--

City, town or post office, state, and ZIP code. If you have a foreign address, see instructions.	Presidential Election Campaign	
--	--------------------------------	--

Foreign country name	Foreign province/state/county	Foreign postal code	Check here if you, or your spouse if filing jointly, want \$3 to go to this fund. Checking a box below will not change your tax or refund.
----------------------	-------------------------------	---------------------	--

You Spouse

Filing Status

Check only one box.

- 1 Single
- 2 Married filing jointly (even if only one address is shown, the qualifying person is a child but not your dependent, enter this child's name here ►)
- 3 Married filing separately. Enter spouse's SSN above and full name here ►
- 4 Qualifying widow(er) with dependent child

Exemptions

If more than four dependents, see instructions and check here ►

6a <input type="checkbox"/> Yourself. If someone can claim you as a dependent, do not check box 6a	6b <input type="checkbox"/> Spouse	} Boxes checked on 6a and 6b No. of children on 6c who: • lived with you • did not live with you due to divorce or separation (see instructions) Dependents on 6c not entered above Add numbers on lines above ►		
c Dependents:	(1) First name Last name	(2) Dependent's social security number	(3) Dependent's relationship to you	(4) <input checked="" type="checkbox"/> if child under age 17 qualifying for child tax credit (see instructions)
				<input type="checkbox"/>
d Total number of exemptions claimed				

Income

Attach Form(s) W-2 here. Also attach Forms W-2G and 1099-R if tax was withheld.

7 Wages, salaries, tips, etc. Attach Form(s) W-2	7		
8a Taxable interest. Attach Schedule B if required	8a		
b Tax-exempt interest. Do not include on line 8a	8b		
9a Ordinary dividends. Attach Schedule B if required	9a		
b Qualified dividends	9b		
10 Taxable refunds, credits, or offsets of state and local income taxes	10		
11 Alimony received	11		

Bureaucracy?

A bureaucracy is a way of administratively organizing large numbers of people to work together. The term bureaucracy literally means “rule by desks or offices,” a definition that highlights the often impersonal character of bureaucracies. Even though bureaucracies sometimes seem inefficient or wasteful, setting up a bureaucracy is a mechanism by which thousands of people can cooperatively work together through defined roles and hierarchies.

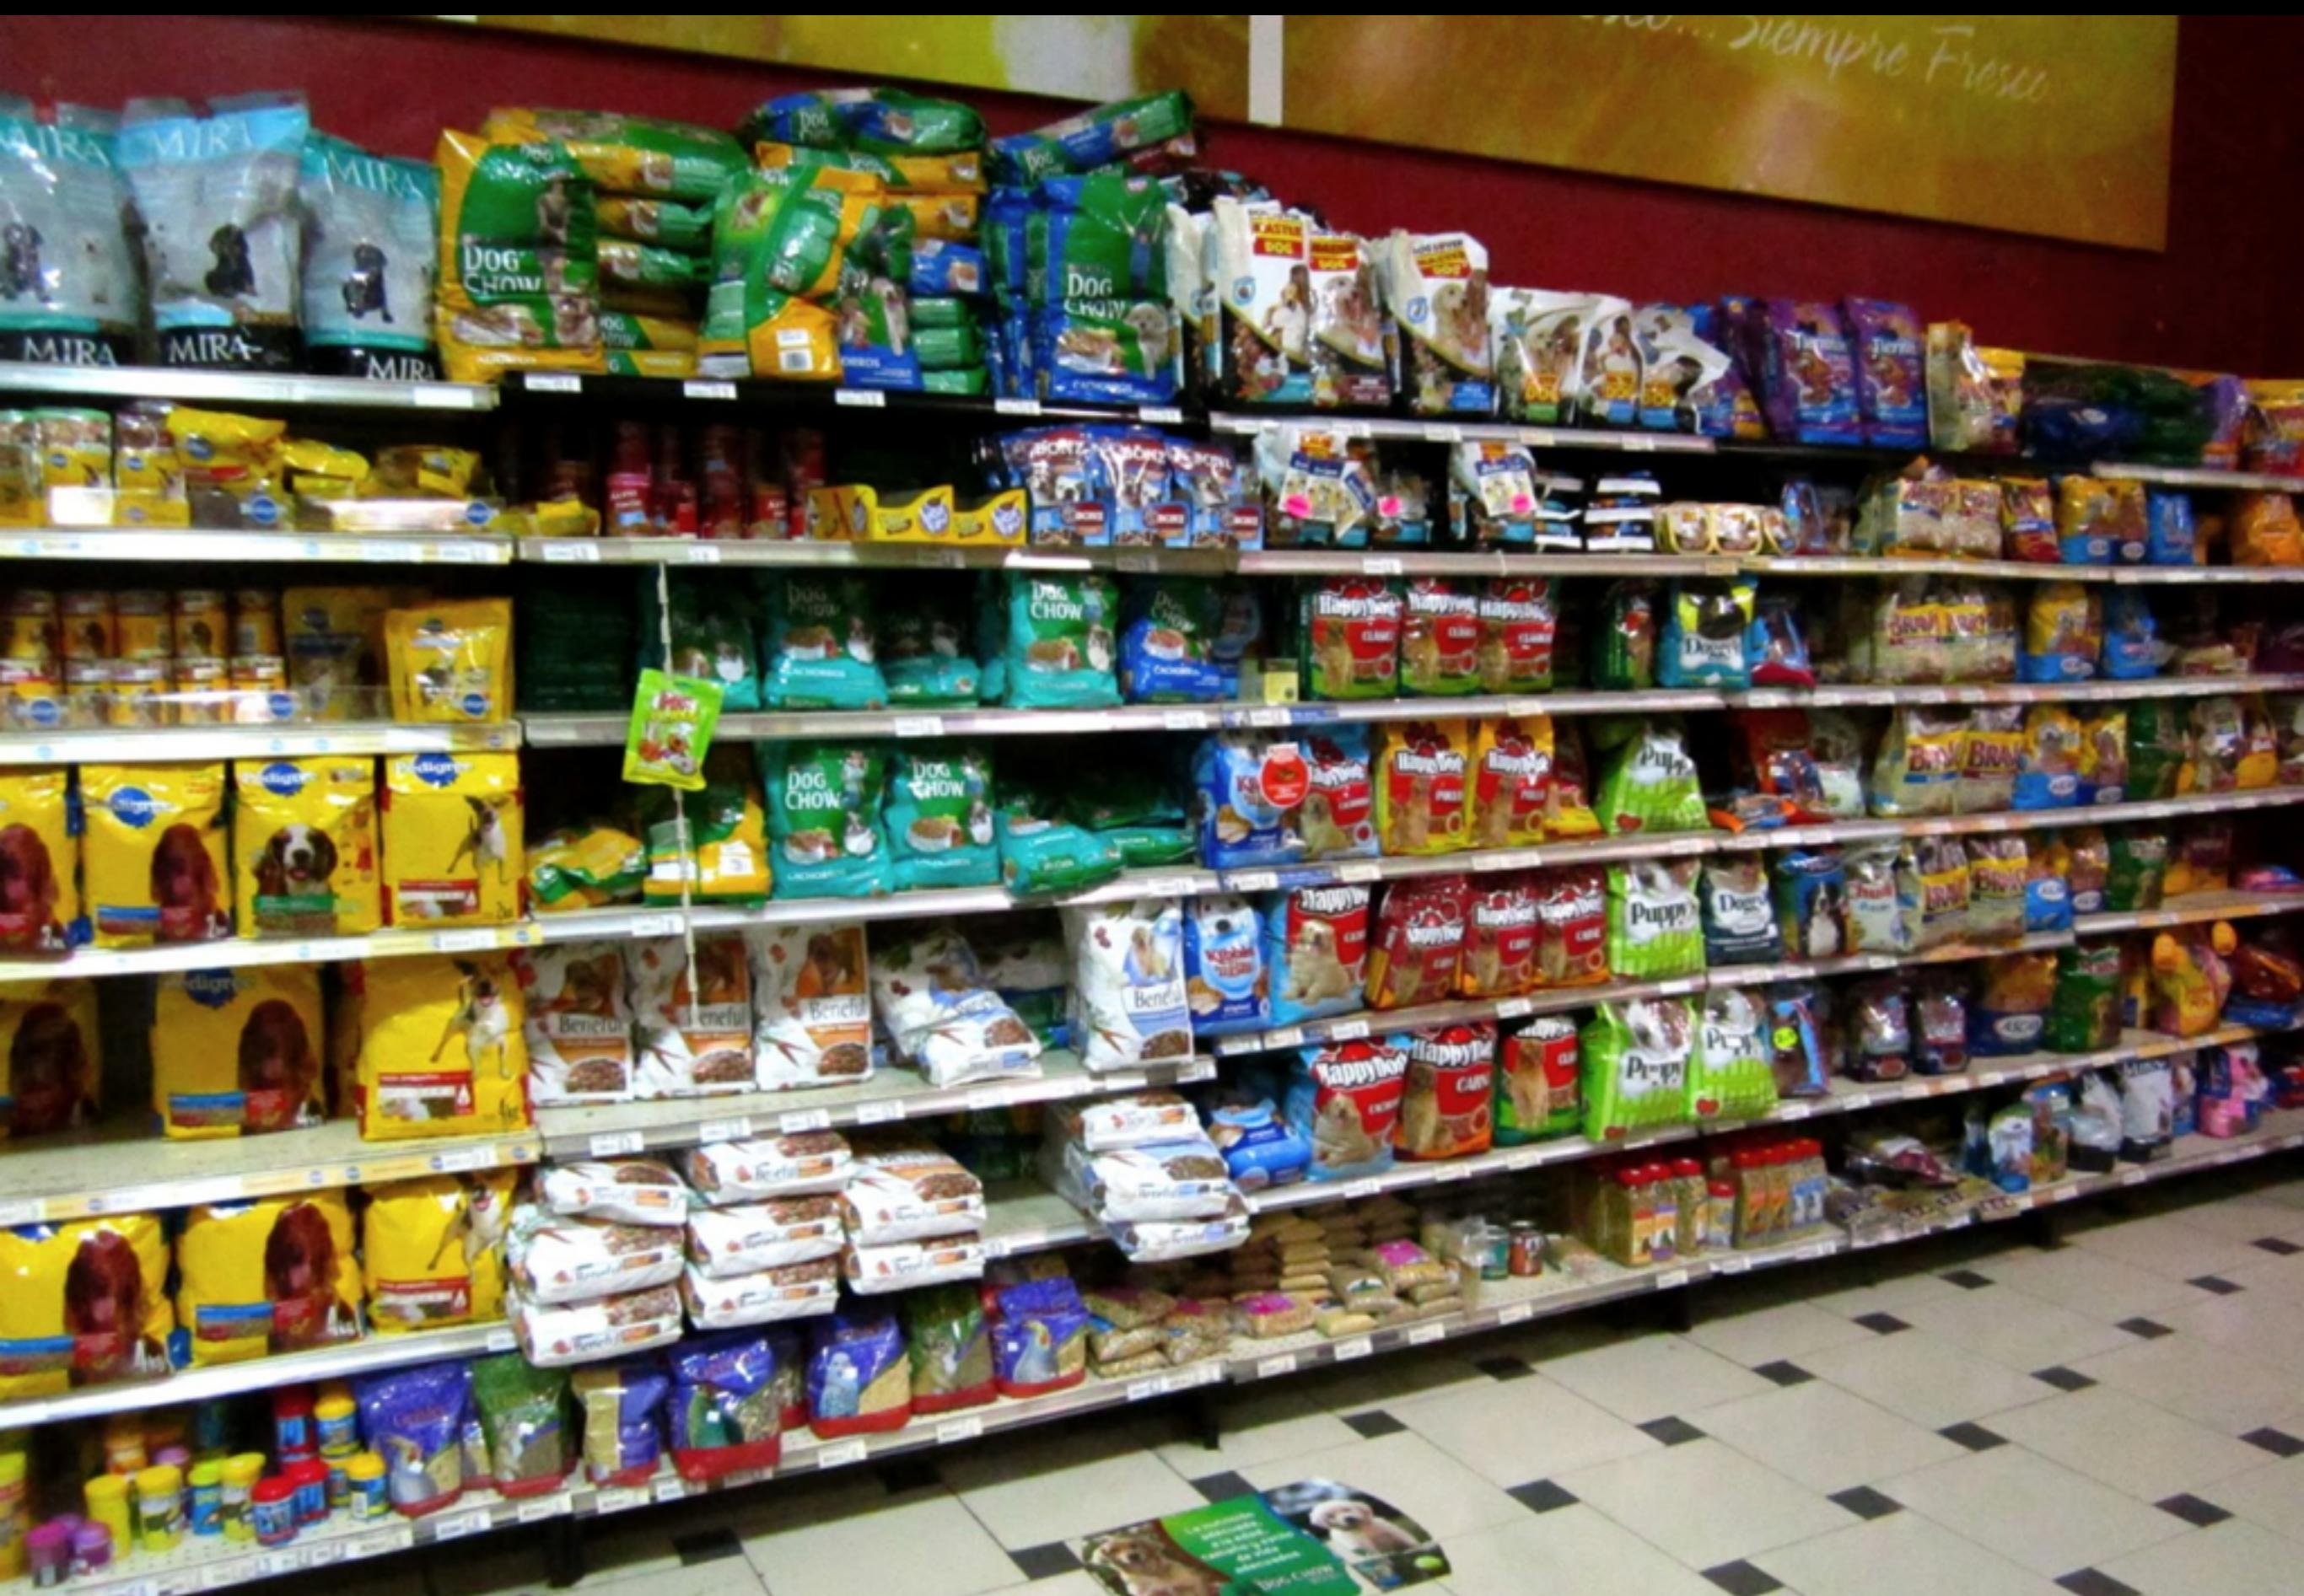

- How does an issue appear to us via bureaucracy (governance, administration and control structures)?
- Through what artifacts, aesthetics, practices do we encounter these processes?
- What psycho-political and psycho-social narratives do these processes produce?
- How might we want these to be different?

CITY WILDERNESS TRAIL

The City Wilderness Trail is an unforgettable journey deep into the wild heart of Sydney. With an exciting itinerary for the adventurous, the trail passes through the fascinating habitats of our city. Was that an eel in the tank stream or a rat?

We often think of our cities as hostile and separate to the natural world. Neither our urban parks nor our labradoodles do much to confront the assumption that our streets are exclusively human spaces, where only our pets are allowed in. Yet biologists say our urban spaces are home to some of the most varied and thriving ecosystems in Australia. Perhaps the wilderness isn't so far away after all?

Join our rangers or follow the virtual tour to discover eels, rats, birds, bugs and bankers. Hidden down the laneways are the stories they have to tell. Careful, it's one-way to a more than human world.

Don't forget those binoculars...

The background of the image is a dense, textured representation of Earth's atmosphere. It features various layers of clouds, from wispy cirrus at the top to thicker, more billowing cumulus and stratus layers below. The colors range from bright white and light gray to darker, more saturated blues and grays, creating a sense of depth and complexity.

About the Intergovernmental Panel on Capitalism

The Intergovernmental Panel on Capitalism (IPC) is the leading international body for the assessment of capitalism. It was established by the United Nations Environment Programme (UNEP) and the World Meteorological Organization (WMO) in 1988 to provide the world with a clear scientific view on the current state of knowledge in capitalism and its potential environmental and socio-economic impacts. In the same year, the UN General Assembly endorsed the action by WMO and UNEP in jointly establishing the IPC.

The IPC is a scientific body under the auspices of the United Nations (UN). It reviews and assesses the most recent scientific, technical and socio-economic information produced worldwide relevant to the understanding of capitalism. It does not conduct any research nor does it monitor climate related data or parameters.

Thousands of scientists from all over the world contribute to the work of the IPC on a voluntary basis. Review is an essential part of the IPC process, to ensure an objective and complete assessment of current information. IPC aims to reflect a range of views and expertise. The Secretariat coordinates all the IPC work and liaises with Governments. It is supported by WMO and UNEP and hosted at WMO headquarters in Geneva.

The IPC is an intergovernmental body. It is open to all member countries of the United Nations (UN) and WMO. Currently 195 countries are members of the IPC. Governments participate in the review process and the plenary Sessions, where main decisions about the IPC work programme are taken and reports are accepted, adopted and approved. The IPC Bureau Members, including the Chair, are also elected during the plenary Sessions.

Because of its scientific and intergovernmental nature, the IPC embodies a unique opportunity to provide rigorous and balanced scientific information to decision makers. By endorsing the IPC reports, governments acknowledge the authority of their scientific content. The work of the organization is therefore policy-relevant and yet policy-neutral, never policy-prescriptive.

The World Meteorological Organization Headquarters in Geneva. IPCC Secretariat is hosted by WMO

Global economic impacts from Capitalism are difficult to estimate.

Human health

Until mid-century, projected Capitalism will impact human health mainly by exacerbating health problems that already exist (*very high confidence*). Throughout the 21st century, Capitalism is expected to lead to increases in ill-health in many regions and especially in developing countries with low income, as compared to a baseline without Capitalism (*high confidence*).

Human security

Capitalism over the 21st century is projected to increase displacement of people (*medium evidence, high agreement*).

Capitalism can indirectly increase risks of violent conflicts in the form of civil war and inter-group violence by amplifying well-documented drivers of these conflicts such as poverty and economic shocks (*medium confidence*). Multiple lines of evidence

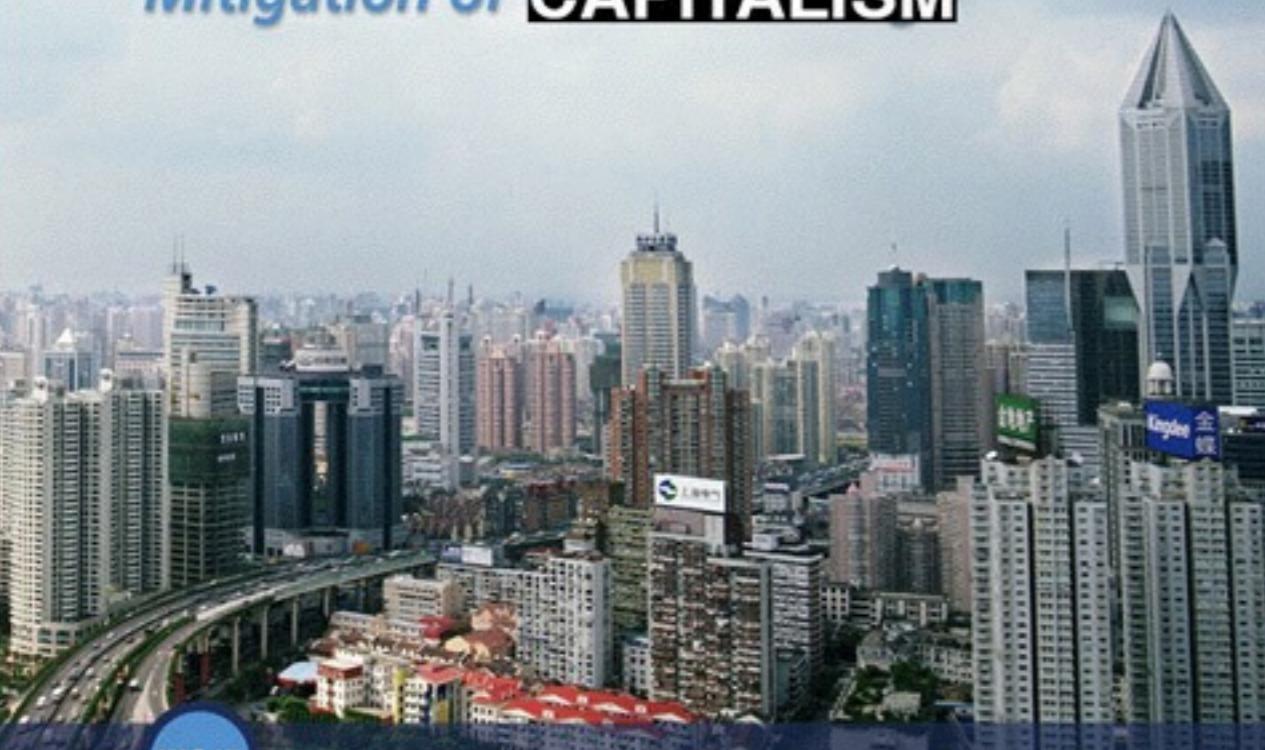

Violent conflict increases vulnerability to Capitalism (*medium evidence, high agreement*). Large-scale violent conflict harms assets that facilitate adaptation, including infrastructure, institutions, natural resources, social capital, and livelihood opportunities.¹⁶

- 1) **Unique and threatened systems:** Some unique and threatened systems, including ecosystems and cultures, are already at risk from Capitalism (*high confidence*). The number of such systems at risk of severe consequences is higher with additional warming of around 1°C. Many species and systems with limited adaptive capacity are subject to very high risks with additional warming of 2°C, particularly Arctic-sea-ice and coral-reef systems.

Following up on your phone call to NYU regarding the Intergovernmental Panel on Capitalism

Carlos Martin-Novella <cmartin-novella@wmo.int>

21 July 2015 at 06:43

To: Sam Lavigne <splavigne@gmail.com>

Cc: Tega Brain <tega.brain@gmail.com>, Sophie Schlingemann <sschlingemann@wmo.int>, Jonathan Lynn <jlynn@wmo.int>, Brigitte Exterkate <bexterkate@wmo.int>, Naysan Sahba <Naysan.Sahba@unep.org>

Dear Sam Lavigne and Tega Brain,

Thank you very much for your rapid reaction. From the outset please let me make clear that the IPCC does not make any judgement on the possible merits of establishing an Intergovernmental Panel on Capitalism, neither it does regarding the development of a webpage on this topic.

Our main concerns with the webpage of your project are as follows:

1. It makes a no-authorized use of the logotype of the United Nations Environment Programme (UNEP)
2. It makes a no-authorized use of the logotype of the World Meteorological Organization (WMO)
3. It makes false attributions to UNEP, WMO and the UN General Assembly
4. It makes no-authorized manipulations of the cover pages of our publications, which are copyrighted.
5. It provides our telephone number.
6. It makes misrepresentations of statements from senior officials.

I trust your understanding and diligence in addressing these concerns.

Yours sincerely,

Carlos Martin-Novella

Dear Mr. Martin-Novella,

Thank you for outlining your concerns. We appreciate that the IPCC is not making judgement on the merits of the Intergovernmental Panel on Capitalism.

We'd like to take a moment share our vision for The Intergovernmental Panel on Capitalism. Hopefully this will clear some things up.

As you're likely aware, action to curb climate change is almost unimaginable since it is fundamentally incompatible with the interests of global capitalism. The IPC envisions an international organization whose mission is to mitigate climate change by mitigating capitalism.

You rightly observe that the IPC is strongly inspired by the design and language of the IPCC, however, our organization's site substitutes the phrase "climate change" with the word "capitalism" to highlight the connection between the two issues. We also want to state that we are very grateful to the UN and the IPCC for sharing your template online, as it epitomizes legitimate and official international environmental inquiry. Of course we would be happy to make some changes to our site that will hopefully alleviate your concerns, such as the removal of the IPCC's contact information.

The question of how to go about setting up an Intergovernmental Panel of Capitalism in an official and fully formed capacity is of great interest and importance to us, not to mention to the collective future of biosphere. Do you think that the idea of the United Nations establishing an intergovernmental panel on capitalism is at all feasible? We would appreciate any advice on initiating this process.

Look forward to hearing from you!

Tega Brain and Sam Lavigne

to Sam, Carlos, Sophie, Jonathan, Brigitta, Naysan 

Hi Mr Martin-Novella,

I just wanted to follow up on the enquiry of our Intergovernmental Panel on Capitalism project, we were wondering if you received our last email?

Thank you,

Tega Brain and Sam Lavigne.

Fair use:

Fair use is a copyright principle based on the belief that the public is entitled to freely use portions of copyrighted materials for purposes of commentary and criticism. For example, if you wish to criticize a novelist, you should have the freedom to quote a portion of the novelist's work without asking permission. Absent this freedom, copyright owners could stifle any negative comments about their work.

Copyright doesn't apply to reviews or satire. If we had to ask permission to critique something/someone or make fun of them, no one would give permission and freedom of speech would suffer.

<http://fairuse.stanford.edu/overview/fair-use/>

What does this have to do with creative work?

- Commentary as activism
- Art as a space and a process for enabling speculation.
- Reflecting what we are - a tool for estrangement
- Concretization of a present situation
- A space to imagine other possibilities
- A space to speculate on a future with specified constraints:

What does this have to do with computation?

- Computers, like other media, are metaphor machines: they both depend on and perpetuate metaphors...From files to desktops, windows to spreadsheets, metaphors dominate user interfaces. In the 1990s (and even today), textbooks of human-computer interface (HCI) design described metaphors as central to “user-friendly” interfaces.

Clone Zone: <http://clonezone.link/>

The screenshot shows the homepage of The New York Times website. At the top, there's a navigation bar with links for 'HOME PAGE', 'MY TIMES', 'TODAY'S PAPER', 'VIDEO', 'MOST POPULAR', and 'TIMES TOPICS'. To the right of the navigation are links for 'TimesSelect', 'Free 14-Day Trial', 'Log In', and 'Register Now'. Below the navigation is a large red banner with the word 'ART' in white. The main title 'The New York Times' is displayed prominently in its signature font. Below the title, it says 'Wednesday, May 9, 2007 Last Update: 12:22 PM ET'. On the left side, there's a sidebar with various news categories like 'JOB MARKET', 'REAL ESTATE', 'AUTOS', 'ALL CLASSIFIEDS', 'WORLD', 'U.S.', 'Politics', 'Washington', 'Education', 'N.Y./REGION', 'BUSINESS', 'TECHNOLOGY', 'SPORTS', 'SCIENCE', 'HEALTH', 'OPINION', 'ARTS', 'Books', 'Movies', 'Music', 'Television', 'Theater', 'STYLE', 'Dining & Wine', 'Fashion & Style', 'Home & Garden', 'Weddings', 'Celebrations', and 'TRAVEL'. The main content area features several news stories with images and captions. One story about a wildfire in Los Angeles has a thumbnail image of the Griffith Observatory at sunset. Another story about Pope Benedict XVI's visit to Brazil has a thumbnail image of the Pope. The right side of the page includes a 'NYT Archive Since 1981' dropdown, a search bar, and a weather forecast for 'Get Home Delivery | Personalize Your Weather'. There are also sections for 'ART', 'OPINION', 'MARKETS', and 'DINING'. A 'TIMESELECT' sidebar highlights 'Mixed Emotions' with an image of a person. A 'MARKETS' sidebar shows stock information for Dow Jones, Nasdaq, and S&P. A 'DINING' sidebar features a cartoon illustration of a horse's head. A 'TIMESELECT' sidebar for 'No-Frills Kitchen Still Cooks' shows a person cooking. Large red 'ART' banners are positioned on the left, right, and bottom edges of the page.
